

MESSAGE RECEIVED BY WILLIAM BATES, TRUSTEE, CRB TRUST 10-05.

This is a message received from the chairman of the Champaign County Board, Barbara Wysocki, in response to my earlier phone call asking if Ameren/IP had contacted her as the County board chairman, with regard to tree cutting in the county during the period of May June and July on our property in Somer Township. (This is a required procedure via State of Illinois Public Act 92-2014 and Champaign County Ordinance 713).

The following is a verbatim transcript from the message she left on my answering machine. An audio recording of Ms. Wysocki is available.

Mr. Bates, this is Barbara Wysocki from the County Board calling about 12:15 on Thursday, I want to report back to you that we do not have any record or notification from the power company. I just checked with the civil attorney and they have received nothing, so I would assume nothing has been done. Hope that's helpful to you, if not give me a call back. Thank you.
